MG "A" International

*1st-6th September 2015
Tuscany - Italy*

MG CAR CLUB ITALY, in the 60th year of the birth of the MG model "A", wants to pay tribute to this glorious car with an international meeting to be held in Tuscany, the region which, for its landscapes, its cities and its immense artistic heritage, perhaps more than any other is the image of Italy in the world.

The organization, led by the Regional Center of Tuscany MG CAR CLUB Italy has decided to set the meeting in the part of Tuscany's most appreciated by all, that is the Chianti, very beautiful hilly area on the border between the cities of Siena and Florence, area dedicated making wine and littered with companies that for centuries have shaped the history of this region.

It will be a meeting in which the appearance wine will have its importance and will offer participants the opportunity to visit the oldest companies and taste real excellence of the wine world.

The base of the meeting will be Poggibonsi, a small town with a strategic position from which, with short distances, you can reach the most beautiful towns of central Tuscany.

But the event will be traveling in the sense that once made the welcome we will move on the Tyrrhenian coast for two days dedicated to the sea and to discover another beautiful part of Tuscany magic, that is, the Maremma, a territory with a harsh nature, strong contrasts, particularly fascinating colors.

Return cross Montalcino, home of the famous Brunello wine, then cross Siena in its own legendary Piazza del Campo (a possibility given to the Mille Miglia and a few others).

In the following days we will go to the territories Chianti Florence and Siena crossing and visiting villages, towns and castles, with culinary stops of great quality: San Gimignano, Volterra, Monteriggioni, Greve in Chianti, Gaiole in Chianti country Eroica, and many other excellent of an extraordinary land.

Dinners in the square, shows, dancing and much more will enliven the evenings of the participants in a kermesse of six days in which "the journey and guidance" of our cars will be the basis for all activities.
